

Objectives

The objective of the Global Community is to create a core group of international members that understand the challenges that we face in the coming years due to the decline of II Industrial Revolution Cities, as a disruptive model, the pioneers will finance the DAO Platform-O.S. Solution, promote the model to the general public, participate in the design of the O.S. and together with the Founder and the Technical team design the 100 CITIES project, promote the third Platform and present in the whole project Dubai in June, 2023.

The specific objectives of the creation of a Global Community under the umbrella of The Cassandra Project Foundation are:

- 1) **1,000,000 Co-founding Community Members** that want to support the development of the Platform-O.S. for the management of self-sufficient & ultra-efficient platforms (cities) as XXII Urban Environments and to acquire more knowledge about the experience of the Founder.
- 2) **Fund the Operations of the Foundation with 50,000,000.00 USD** through the Global Community.
- 3) Create a Conseil to develop a **Network of Ambassadors and Local Groups** in order to design and LAUNCH the 100 CITIES project and promote **98 local Platforms**.
- 4) Present in **The Blockchain Congress in Dubai, June 2023** the 100 CITIES project with the Global Community fully developed and one Platform in construction.

In parallel, The Founder is negotiating the construction of the first platform with investors, equity partners, investment funds and supply chain & technology allies, with the aim of funding with other 50 million USD to the operations of the Foundation.

The Foundation will create a **DAO** for the involvement of the Community in the design of the Ecosystem.

As well, the Founder is evaluating the Blockchain Friendly Jurisdiction for the final address of the Foundation.
